The request must be filed with the CSSF in writing, by post or by fax to the CSSF or by email (to the address/number available on the CSSF website), or online on the CSSF website. In order to facilitate the filing of a request, the CSSF publishes a form on its website.

The request shall be supported by a statement of the reasons on which it is based together with the following documents:

- a detailed and chronological statement of the facts underlying the complaint and the steps already taken by the applicant;
- a copy of the prior complaint referred to in paragraph (1) of CSSF Regulation 16-07 or paragraph 5.1 of current procedure;

- a copy of the answer to the prior complaint or the confirmation by the applicant that s/he did not receive an answer one month after s/he sent his/her prior complaint;

In the case where the CSSF is unable to deal with the request, it provides the two parties within three weeks after the receipt of the complete request with a detailed explanation of the reasons why it does not accept to deal with the complaint. Within the same period of three weeks, the CSSF informs the parties if it accepts to treat the request.

6 Recording and Monitoring of Complaints

The Board, with the assistance of the Complaints Handling Officer, will ensure that each Complaint as well as each measure taken to handle the Complaint are properly registered.

Any information relating to a Complaint will be recorded in the Company network, stored in the server and secured with backup process.

For the purpose of organising the cooperation with the CSSF as detailed under section 8 below, the Board/Responsible Director must receive all necessary data in respect of the Complaints received.

The Company will analyse the data relating to the Complaint handling, on a permanent basis, in order to enable the identification and treatment of any recurring or systemic problem, as well as any potential legal and operational risks, without limitation, by:

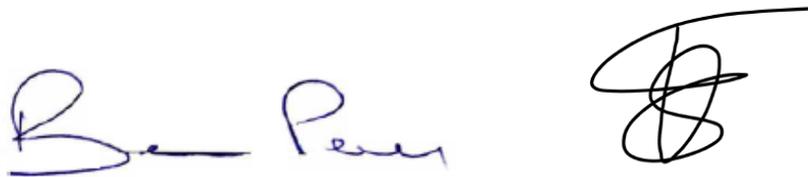

- a) analysing the causes of the individual Complaints in order to identify the common origin or cause of certain types of Complaints;
- b) considering whether this common origin or cause may also affect other processes or products, including those to which the complaints do not relate directly; and
- c) correcting these common origins or causes, when it is reasonable to do so.

The Company will provide the CSSF with an as comprehensive as possible response and co-operation in the context of the handling of Complaints and requests as described in the CSSF Regulation N° 16-07.

The Board/Responsible Director will provide the CSSF, on an annual basis, with a table including the number of complaints registered, classified by type of complaints, as well as a summary report of the complaints and of the measures taken to handle them substantially based on the sample form provided in the Circular CSSF 17/671, as amended or supplemented from time to time. The deadline for providing the CSSF with the Complaints Table is set at the last working day of March of each year.

This Policy may be updated and compliance with the Policy will be checked by the compliance function and the internal audit function of the Company on a regular basis.

Any amendments to the Policy will be duly approved by the Board.
